ABOUT US

BLACKWINGS is one of the industry's pioneers in the area of safety shoe manufacturing, guaranteeing durable, safe, and quality footwear. Established in the mid-2000s, Blackwings is among the fastest-growing companies in the manufacturing and supplying of industrial safety shoes, safety boots, and safety footwear.

Blackwings has earned an industry-leading reputation as the supplier of premier quality safety shoes and safety boots for the toughest working environments globally. Our safety shoes are consistently chosen by a variety of construction and manufacturing companies. We manufacture our safety shoes to the highest industry standards, and they are well known for their high quality and durability.
